

Agency Partner CyberScout Testimonial

If you find your identity has been comprised because of fraud, we'll find one of our personal fraud specialists to resolve the problem. And with both proactive and resolution services, CyberScout is able to detect or resolve any suspicious activity like they did for an agency partner who represents our parent company, Frankenmuth Insurance.

Emily Stroub of the Al Bourdeau Insurance Agency (Michigan) found herself in a similar situation when she learned that someone was filing unemployment benefits under her name in October 2015.

Luckily, she was able to spring into action by contacting a CyberScout fraud specialist through Frankenmuth Insurance and they were able to put a stop to the fraudulent activity, protecting Emily's name.
