

Commercial Lines Policy Documents Now Feature Your Agency's Logo

Patriot Insurance Company is pleased to announce that Commercial Lines policy documents have been enhanced to display your agency's logo. Your agency's logo will now display on the cover sheet of the Declaration pages, also known as the policy jacket. We have also added your agency's phone number and updated the lines of business icons.

As a reminder, your agency's logo also displays on the Proposal document to assist you during the sales process. If your agency does not currently have a logo on file with us, please send it to agencylogo@fmins.com. If we do not have a logo on file, your agency's name will display instead.

We hope this new feature will greatly enhance your agency's branding efforts.

If you have any questions, please contact Automation Support at 800-234-1133, extension 3000.
