

Help Policyholders Get the Most Out of CyberScout

As an insurance professional, you know risk management like CyberScout knows proactive identity management.

Together, we understand that risk prevention is a critical everyday tool for ensuring that businesses, homes, cars and more remain protected. It's what we do best.

And every day, CyberScout offers the same preventative support with their free proactive services to help policyholders – and you, your family and agency staff – fight the risk of fraud before it happens, at every stage in life.

Click [here](#) to learn more how the unique LifeStages program can work for your policyholders during all walks of life, such as how to protect the identity of an active military member, free estate support after losing a loved one, what to do before traveling on an overseas vacation and more.

And, click [here](#) for helpful talking points when discussing CyberScout with policyholders.

Have them also test their knowledge using the [ID Risk Compass](#) to see where they compare with other Americans taking the necessary steps to protect themselves and their families from identity theft.

Stay tuned to our Agency Blog throughout April for featured security tips each week from our CyberScout tip series. Feel free to also reach out to your field manager for questions.
