

iBIS Personal Auto Enhancement – Eligibility Edits

We are excited to inform you of an upcoming iBIS personal auto new business enhancement which will be available on **March 28, 2013**.

At quick quote time, if violations or losses are entered that make the individual ineligible, you will receive an edit indicating the driver's name and why he/she is ineligible. At submission time, when violations and losses are returned that make the individual ineligible, you will receive an edit indicating the driver's name and why he/she is ineligible.

This edit will prevent you from referring the policy to underwriting. If you feel the edit is not justified, please contact your PL Underwriter. They would be happy to review the situation with you.

We believe you will find this iBIS enhancement valuable and a time-saver in quoting Patriot Insurance Personal Lines products. If you have any questions, please don't hesitate to contact your Personal Lines Underwriter or Field Manager.

Thanks for thinking of Patriot Insurance for your new business.
