

Introducing AMP — The New Resource for Marketing Materials

Accessing marketing materials just got easier. Patriot Insurance Company is excited to announce a new Agency Marketing Platform (AMP), launching Monday, April 4, 2022. A snapshot of AMP's homepage is shown below.

AMP will make it simple for agents to have access to agent sell sheets, and policyholder overview materials. Pictured below, the interface makes it easy to see all available materials, with many that are ready to be customized with your agency logo.

Within AMP, agents will be able to customize materials for policyholders with their agency information. The materials can be either downloaded as a PDF or professionally printed and shipped to agency offices. Customizing a marketing flyer is a quick and easy process. Fill out a few information boxes, as shown in the below image, and you're good to go.
