

New Hampshire Personal Lines Auto iBIS Rates Corrected

Our New Hampshire Personal Lines Auto rates effective 5/1/2012 have been corrected. You are now able to get a Patriot Auto quote through iBIS again.

Obviously we will honor the incorrect rate for any policy that we have already issued.

Also, if you need us to honor an incorrect rate for a quote, then please call your local Patriot underwriter. We will certainly honor quotes given to customers that have agreed to buy, subject to the normal underwriting and outside report procedures.

Lastly, please remember that policies issued with incorrect rates will be adjusted next year at renewal time.

If you have questions, please call us.
