

Patriot Insurance Updates Declaration Page to Simplify Policy Document Processing

What better way to start the new year than with a new enhancement that improves the way policy documents are produced and mailed to your agency for processing.

Starting Monday, Jan. 13, cover sheets for each policy declaration page will now be produced in a cream color instead of white, so that you can more easily sort policies that have been sent to your agency. With this enhancement, we hope you find that managing, sorting and processing policy documents you receive from Patriot Insurance is easier and more efficient.

Thank you for your willingness to help us identify changes that will make it easier for you to do business with us. We appreciate your business and value your feedback.

If you have any questions, please contact Agency Automation Support at (800) 234-1133 extension 3000.
