

Personal Lines Auto Rates

This is to notify you that our new Personal Lines Auto rates effective 5/1/2012 need to be adjusted. Consequently we have put a temporary hold on Patriot iBIS Auto quoting.

Several of you were very helpful in pointing out some Auto scenarios that didn't make sense, and we appreciate your feedback.

We are now in the process of re-loading the rates in all three states, and will notify you shortly as soon as you can start quoting our 5/1/2012 Auto prices again through iBIS.

Please note that this involves the 5/1/2012 Personal Lines Auto line only, and that all other Personal Lines products are quoting correctly.

Thank you for helping to make us a better company.

For any questions please contact your local Patriot Personal Lines Underwriter in Yarmouth.
